New work solutions

Premium office space to the latest standard

The new office spaces fulfil the future tenants' every requirement. State-of-the-art equipment, breathtaking views and all kinds of workspace solutions cater for everything that companies may desire. In a central location and light-flooded rooms, this is a whole new way to enjoy time in the office.

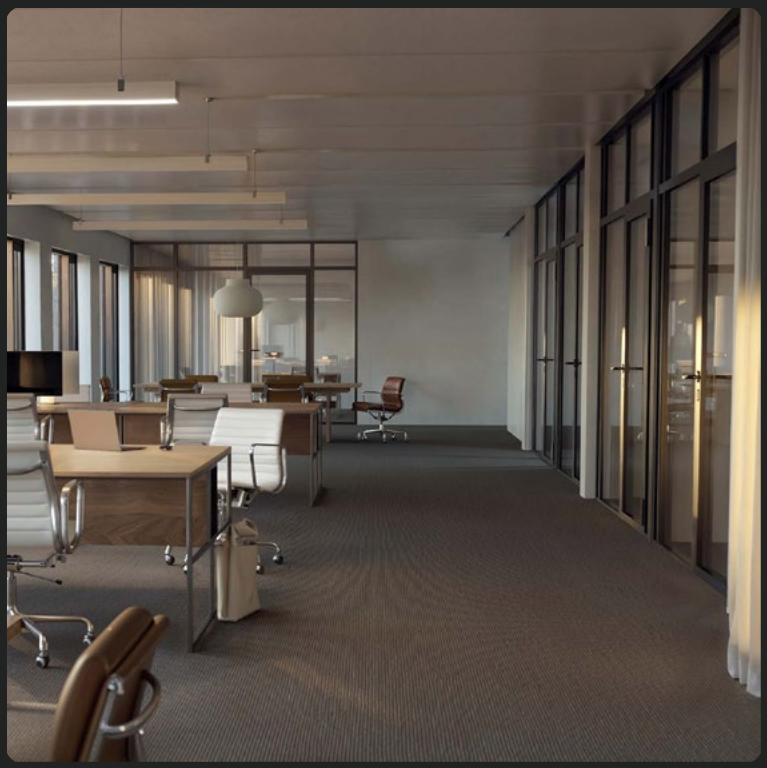
Space highlights

Efficient floor plans for optimal use of space

Light-flooded spaces thanks to floor-to-ceiling façade elements and clear room heights of up to approx. 2.75 m

Pleasant room climate with efficient cooling and heating ceilings

Raised floor for individual cabling



New work solutions

Spacious outdoor areas on different levels

Whether the green inner courtyard on the first floor with adjoining café, the exits on each office floor or the spacious roof terrace, they all create a harmonious interaction between interior and exterior space.

Spectacular views of Berlin's landmarks

The views are breathtaking. Even from a distance, the vibrating pulse of the city center can be felt. The building radiates a distinct grandeur in line with the sublimeness of the surrounding landmarks.
